Please write a 2-3 page essay on what you would like to accomplish and what you will contribute while at Firebelly University. Include specific educational outcomes, people you would like to meet, industries you would like to research, specific business/career goals, reasons for wanting to join and most importantly what you will offer to the team. We need to truly understand where your skills are. Include up to 5 pages of documentation (resume, portfolio, website, references, etc.)

**MY DREAM IS TO...**

Please create a video of no more than 2 minutes telling us what kind of social enterprise you would create if you had unlimited resources at your disposal. Include why you have not been able to take your dream to the next level and how you believe our help would open that door for you. If you currently do not have a targeted goal, but absolutely have the drive, we can help you figure your path. Give us an idea of what motivates you. Where your passion lies. Why this is a MUST for you right now.
